**INTELLIGENT VALUE STORAGE**

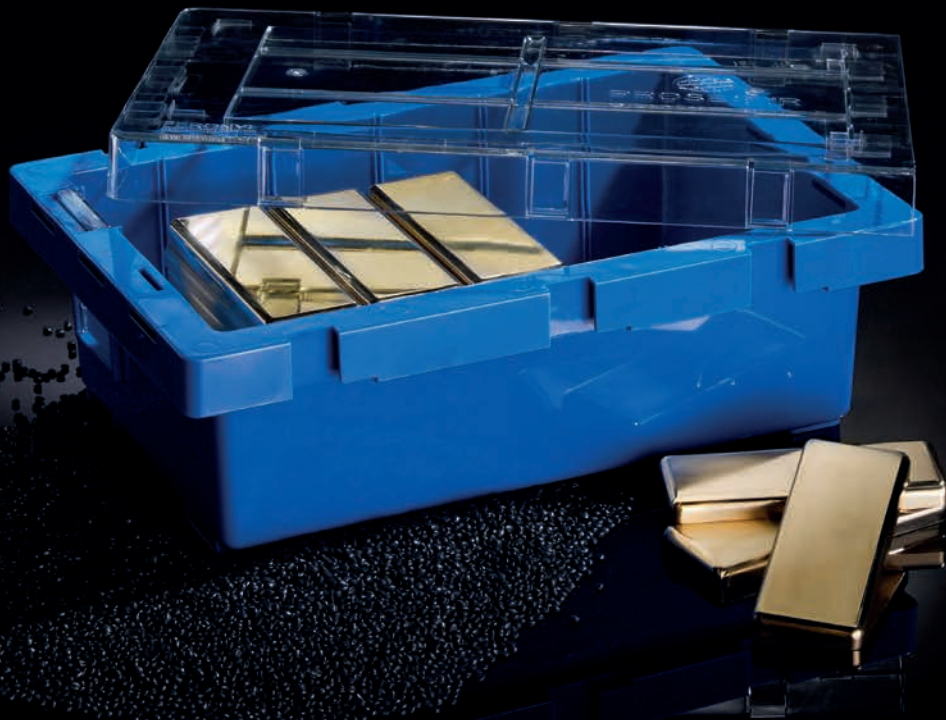

# FERONYL GOLDEN RULES SECURITY, QUALITY, RELIABILITY

Our products are developed and manufactured with the necessary integrated security. The protection is scaled to our customer expectations, each solution is strictly monitored in production to guarantee a perfect reliability of our solutions.

Our highly monitored manufacturing plant is based in Belgium, involved in security manufacturing domains, Feronyl was established in 1950.

# SECURE YOUR VALUABLES

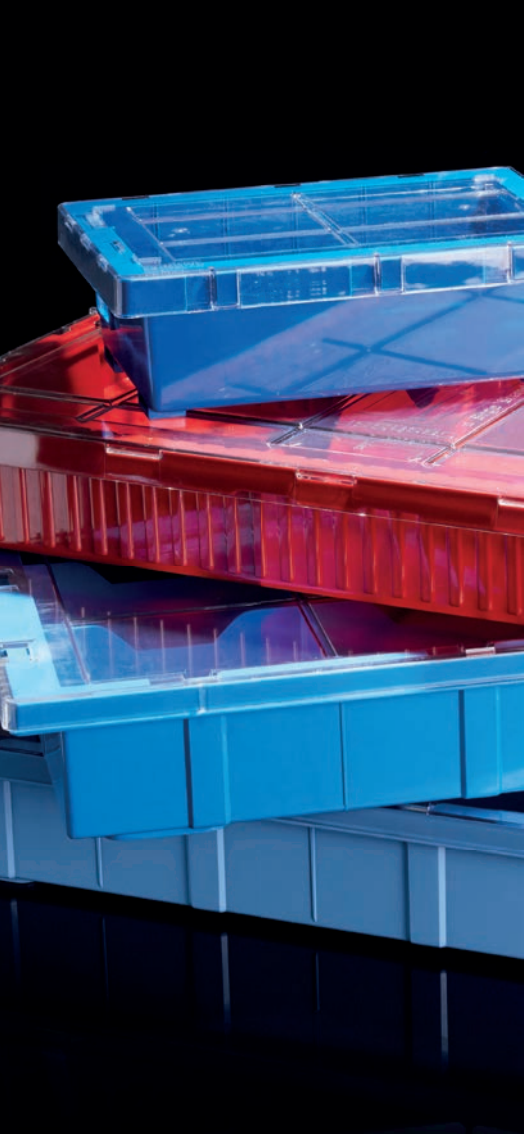

Our standard solution was developed to gain on efficient value storage. Our products are manufactured with a unique approach, combining smart features into a **cost-effective solution**.

The boxes are **ergonomic** in use and **reusable**, enabling to **decrease logistic - and social cost**.

Our technological manufacturing approach set a new milestone for value storage, using a unique blend of high **impact resistance and fire retardancy** materials, combined with improved security by using high-end **fraud retarding** features.

Our “intelligent value storage solution” is also **future approved**, through RFID readiness and customizable features.

## We always uphold our tradition of continuous development.

We stand for permanent progress.

So we work closely with our customers  
to offer the manufacturing  
experience they aim.

We constantly strive for  
perfection - based on our tradition.

We therefore develop products that  
are intended to deliver an overall concept:  
your personal product.

The service is open for all demands  
of design, engineering and manufacturing  
of security components.

Our team is ready to tailor following  
your requirements.

Applicable in all security domains,  
from dedicated storage solutions,  
seals, ATM components, ...

We're engaged to offer a unique service  
in the security value chain.

Feronyl, established in 1950, was founded by the family Dedecker.

The company is manufacturing products through advanced and high precision injection processes.

The company is part of the Sub-Alliance group,  
 composed of 4 companies and 5 Belgian manufacturing plants.
